13.3' x 10' Insulated Building

The DuraMax Insulated Building is an energy efficient modular insulated building. The walls are manufactured with durable, coil coated galvanized steel that contains a fire-retardant CFC Free Poly-Urethane insulation. This construction provides a strong, long lasting wall that reduces heat gain in summer or heat loss in winter.

These buildings are ideal for all weather conditions and can be used for various purposes, such as additional living space, an office, a hobby room, a secure storage space, or an equipment enclosure.

- Durable Insulated Composite Panels
- Won't Rust, Rot, or Mildew
- Smooth Exterior and Interior Wall Finish
- Tall Walk-in Building (86" Tall)
- Wide 35.75" Door with Keyed Lock
- Corrugated Insulated Roof
- Can be Mounted Directly on a Concrete Floor
- Shelving can be Mounted Easily on All Wall Panels
- Expandable by Adding an Extension Kit Mountable in Either Side
- Angular Roof Design with Rear Water Drainage System
- Industry's Longest 7 Year Limited Warranty

CHECKLIST Prior to Building Purchase

- **Check with your local city hall for building ordinances & CCR's.**
- **Be sure that intended placement of building is within your property lines.**
- **Do not build building over utility lines (gas, electrical, water, telephone, cable, etc).**
- **Measure the size of the intended building site for ample space and make sure you have a level wooden or concrete foundation.**
