

10.5 x 8' WestChester Double Wall Vinyl Shed

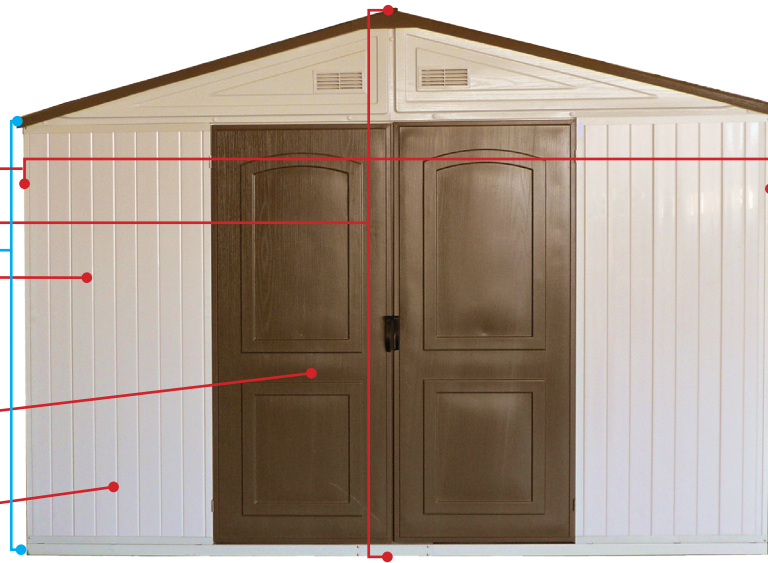

The 10.5' WestChester vinyl shed features a double wall panel that gives you the ultimate all-weather protection for your storage needs. An ideal storage with more than 490 cubic feet, there is no better valued vinyl storage shed in the market place today.

This walk-in shed features tall and wide double doors. The wall panels have double wall vinyl construction and metal structure roof support. Deep brown vinyl simulated wood roof shingles and have wood grain finish on the door added designer accent. This shed can also be used as a hobby or activity room.

PACKAGING

Westchester Shed ships contain three packages in a single pallet

- Wall Panel
- Metal Panel
- Roof and Doors Package

Package Total Dimension 72"w x 42"d x 17¾" (445 pounds)
Ship common carrier required lift gate on residential delivery

The shed is packaged in a heavy duty shrink wrapped cardboard box. The packaging includes all components, hardware and an illustrated step-by-step instruction booklet.

ASSEMBLY MADE EASY

The assembly is simple, clean, safe and can be completed in a few hours. All parts are pre-cut, drilled and numbered for ease of assembly. All you need to provide is a level surface of either wood, or concrete, the size of the desired shed. In addition you will need a drill with a #1 philips head, hammer, measuring tape, pliers and a ladder.

✓ Checklist Prior to Shed Purchase

- Check with your local city hall for building ordinances & CCR's
- Be sure that intended placement of shed is within your property lines
- Do not build shed over utility lines (gas, electrical, water, telephone, cable, etc)
- Measure the size of the intended shed site and make sure you have a level wooden or concrete foundation (Optional Foundation Kit available)
